Dear Ann, & Larry, Wed. afternoon

This afternoon Sue & I went down to Pinkertons & had her picture taken. Yesterday she got a flash bulb camera from Uncle Pud, Aunt Blanche, & Sonny. Right away she started taking pictures. She took one of Rick & ~~me~~ me in the tub of soap-suds. (naked, but not revealing) I hope I don't embarrass Larry.

Last night I had a date with Charles Eddie (remember him). I've had 63 dates with him. I guess that's not too much after all these years. I haven't even heard from Raymond lately. I bought him a pigskin \$7.50 billfold for graduation & haven't seen or had a date with him lately so haven't been

able to give it to him.

I have a date with Joe Sue from Pecos. He came over the other day with Paul Snelson & I went with them & Sue to the

Dairy Maid. He isn't cute but nice & I sure don't want to go with him but I can't get out of it.

I'm now under the dryer trying to get my hair dried before choir practice. (at 7:00) Sue coming out to our house at 8:00. I guess we'll have to go to a Drive Inn (Corral or Lobo) because I've already (or all ready)? seen "The French Line" at the Loran. Have you or Larry seen it? Jane Russell sure threw & shook her bosom around.

Ann, are there really a lot of dishes to wash? I sure hope not.

Monday night Lisa, Sue, & I are going to sing at a mens meeting at the Methodist church. Sue & I are going to sing "Sympathy" & Lisa's going to play.

Charles Eddie asked me to go to Belmarkea next Saturday. I sure hope I get to go. A week ago last Saturday Sue & Richard, & Homer Sloan & I went. There's a cave up there near the park & we went in it (its got water in it) when you go down under & look towards the

opening with the light
~~things~~ shining through
you are petrified. It's
the most beautiful sight
I've ever seen. The water
is crystal clear & I just
can't get over how pretty
it was. You've got to see
it someday.

You ought to see the front
of Monahan High School. It
says "State Pen" in paint. It
sure is a disgrace to our
school. Dad's trying to find
out "who-did-it."

My duck-tail is growing out
& I can't do a thing with it.
I can't get it around my finger
to roll up & I can't leave it
straight. It sure is a sight.

Have you ever read "Dixie?"

It's a book about Napoleon
& sure good. I'm reading it now.

Ann, Sue, Lisa, & I would
like to come & see you if ~~you~~
you would be sure & get
some bags lined up.

Gotta go to eat,

Love always,
GRACE
