Dear Ann & Larry, June 17 1954
Thurs. afternoon

The funniest thing happened... Barbara & I were out sweeping the patio & she asked me when I started shaving my legs. I told her she didn't need to yet. We got out that blue book mother bought for us of us called "The Stock Didn't Bring You." We've already read about half of it. Even tho I've already read it before it's pretty interesting!!

Last night & the night before we played miniature golf. Her's is called "The Sandhills ~~Mineral~~ ^{golf} Course". I think I already told you about it. On number 5 I think it is... there's a mound of dirt & the hole at the top. Barbara & I didn't know the first time you had to stop at seven. I shot a 16 on it & Barbara a 6!! I can't understand how or why!!!!

Last night I heard "I Love You Truly" & started think about the wedding. April 24th. It took up about 3 pages in my diary. Even most dates don't

take up but about one & one half!!
Tonight we're all going to Odessa
to eat at Greens then to the Plains
Drive Inn & see "King of the Kyberkife"
with Tyrone Power. The other night I had
a date with Charles Eddie & everybody
else went to Odessa to see "The Lake".

How's "Cow Town"? Do you ever scrape
up enough money to go dancing at all
these places you told me about, Ann.
Larry, do you ever take Ann out to
eat so she won't have so many dishes
to do? You ought to help her with them!

When are you going to come down &
see us? I hope you don't trade the
old green pick-up in. When you ever
get a different vehicle you can give
us the pick-up -

Nothing ever happens so there isn't
anything else to say, except write soon.

(Harry - Vd. escribe ^{tu} (familiar) uno, Lambien - con
Ann's) Vd. entiende el español? - ¿Que?

Buenos
suerte; Amor
y besos. Love (to Ann)
Grace
