

Dear Ann,

That sure made me real happy because you might live in Ft. Stockton. Oh! That would be wonderful! We could come up & stay with you on week-ends. They have a real nice pool & park up there. Sunday our Sun. school class is going swimming there. Last time we went I had just gotten dressed & Parker & I got in a fight & he pushed me in. Clothes & all. Try your best to move there. I want you to real bad. We all do!!

Guess what! Patsy & I are going to be in a golf tournament. Every Wednesday they have them. You have partners - men & women (there are only 4 or 5 women who play so Patsy & I were asked) Sometimes I even miss the ball when I strike. It starts tomorrow & boy I dread it.

Last night I had a date with John Allen Taylors. We went to Odessa & saw "Black Horse Canyon." Charles Eddie came & wanted me to go to Odessa too but then John Allen walked up.

I guess that will teach Charles Eddie not to call on Daddy's girls so late!! John Allen called me about 6:00 & mother & Daddy bawled him out for calling so late. I guess they're really right.

Ann, when are you going to have a baby? I hope we can baby-sit some when you get about 30^{or so}!! Right, Larry??
(~~big~~ baby, that is)

Mother & Daddy are at Lou's playing bridge & I just got there doing the dishes. Sue's out on a date with Parker. She's real happy because Richard's coming home this weekend.

Thanks a lot for helping me on the commas concerning the twos.
(I think it was, too)

Patsy & I went to the Texan & saw "The Long, Long Trailer". It was just like us, Ann. Remember, it seems just like yesterday to me.

Oh! They're playing "Crazy Bones"! I love it!! Ohhh! I'm going crazy. It's real gone. I can't stand it it's so pretty - Wow!!

It's over now & back to what I was saying. (Oh! I love those "Crazy Bones!") Anyway (they're playing "Brave Man") Dave Hughes & some other boys were there & kept shooting us with a water gun so I dumped my remainder of a coke on them. Sure had fun. "Sleepy"; Dave's nickname, sure is a doll!

This afternoon Mather washed her hair then poured a can of beer on it "to give it body" so she said. Then I rolled it up. It sure is getting long. Mine is, too. Compared to what it was & it goes everywhere.

Ann, Guess what! I was looking at the Ft. Worth paper & Shirley's picture was in it. Announcing her wedding. I tried to find it later but it was in the waste basket & I couldn't pull it out. I think it's still there so I'll try it again.

I love you!
both loads!
Love 'Grace
