Tues. afternoon

Dear Ann + Larry,

I'm working at the office for Daddy this afternoon. All I've done so far is write letters though.

Sunday afternoon our Sunday school class went to Ft. Stockton swimming. I had a date with Parker for the party. That night Rica had a date with Pearson + Sue + I went to the Sejan + saw "The Naked Jungle" with Charlton Heston. It's the cutest thing I've ever seen! Daddy, Mother, Bobby, Mary Ann Kent, + Barbara went to the Corral.

At 5:00 Patsy + I are going to get a hamburger or something then go out + practice golf. Larry, I wear the glove all the time. In the Scotch Tournament last Wednesday Mr. Mills + I came in third! I'm really surprised! There's another one tomorrow + we're going to be in it. I started out with four balls + when Patsy lost her last one I loaned her one + I lost 3 + on #9 had to walk the rest of the way in because I didn't
(this wasn't the tournament)

have any balls left. Brady Kidd the "Pro" out there that runs it has been helping us & he said after a few more times I'm going to have a real powerful swing. Daddy has joined the country club, just for me so I can play without being Pat's guest all the time. Everybody can play but his married children. You know who they refer to - don't you?

Last night after we practiced for the oped our church is putting on Sue, Lica, & I went over to Pearsons & watched TV. Ray Yates, Les Cleaver, & Morris Dill Steward were over & we really had fun. Ray acted like he liked me. I ~~sho~~ sure hope so. He was "the most valuable player" on our football team this year & really is build good! — — Brother!!

Mrs. McJewen just came by & brought Sue a graduation present. Her mother had a heart attack at the first of summer & she just lately got back. She said she brought it to the office because she thought we ~~to~~ might have been away "visiting Ann & Harry" or elsewhere.

Hi - Love - Susie

Charles Eddie's mother was here at the office yesterday. They've been gone to Canada all month, all except Charlie, that is.

Rica & Pearson aren't going steady anymore. Right before Sun. School mother told Rica not to come back with his ring. She hadn't had a date with him since Friday before the other one closest. In other words: she hadn't had a date for a week & two days. So she gave her ring back & then Pearson found out he didn't have her around his little finger & he asked her for a date!

I just sniffed & it smelled real delicious so I went to the deer & it was raining! Finally!

I'm sure disappointed because you're not moving to Ft. Stockton. I hope you'll come visiting anyway.

Guess I'd better get busy.

Love always,

Grace
