Dearest Girl : No word today -
we have just had dinner and I am
already so lonely for you. I hope
you are having some pretty things
made. Its mighty nice of your
mother and Dad to get you up that
way when you're my wife.

Today now I have had my
last day of school -
!!! On the radio is 'Broadway Melody'
and how gorgeous it makes me, but
also, darling, how happy in that I
still have you and we will always
meet again soon. And I love you,
'Baby' - my own sweetheart. -
- And in 48 hours - just - I will be
gone with my school exams -
I am not worried in the
least about them.

We seniors got our class of '29
group picture today - and Sir in
it - baby! 99 of us - one - David -
a negro, it seems has been let
out - I feared for him - don't believe
he would ever make a doctor -

Let me know, dearest, what your
plans are. F.

I am going to stay out with
Blanche and Janie Wednesday
night. Dad and Pud, you see,
will have to leave at 3 or 4 AM
Thursday and Pud can't get down
town so I will have to stay with
her or she will have to come down
here or Mother will have to go out
there - and she (Mother) is in no con-
dition to do either.

Now - to the mail-box, dear -

Baby, how I wish you
were here to go up with me -
I love you, Margie, with all
that's in me -

Yours

Freddy
