Little does "Mud" realize how very much "Monsieur" are the brain, what?

Darling wife - It seems rather foolish - writing you, only an hour from the time I kissed you. But only to some one else does it seem foolish. I want to hear from you this afternoon, too. That was a darling letter I had here this morning and I am awfully glad I was down last night. Be sure to come to the apt. just as soon as you get in. If I am not there by 4:30 your time, I will be shortly, so you please wait on me, won't you? I do hope you get to come. If you don't, be sure to write me tonight and tell me any plans you have for the week end. WE must be together! Either up here or down there and - do you think I should be down there?

I am so happy, dearest, even
when away from you - just from
knowing you are my beloved and
loving wife - mine for always -
to love, if not to support at
present. It is 'ecstasy' to be
with you and heaven to be
in close proximity as my mem-
ories tell me.

If you could only live up here
with some friends who know
of our circumstances and understand -
it would be wonderful. I
could get Whitlock wise and
supposedly go down to spend the
night with him.

Be sure to tell me about
the week-end if you can't get
up tonight - and, beautiful wife,
I love you, I want you, I adore
you - you are the whole world
to me - you are part of me - and I
want my better half -
always, your adoring husband,
Ted.

Thursday night
7:55-

My Own Darling Wife — Do
sorry you didn't get up today.
I called Weinhardts and
learned there that Mrs Patten
had left. I knew then you
would not be up and would
not get to see your Poorly
husband. I miss you —
no one knows how much
I do miss you. But, dearest,
at the thought of the
week-end busy you up —
Or will I be able to

see you this week-end. I
look for your Dad or Mother
to set their feet down any
day on these prolonged
week-end stays of mine.

You will have to come up
here and stay over the week-
end if I should not get to
come down there.

I came home as planned
and on discovering you weren't
coming I was dying to call
you, but I denied myself and
you that pleasure for financial
reasons. And since I had
to forget it I lit in and
cleaned up this deserted

and dirty apartment - mopped
the floors and all that sort
of thing. Heaven help me
but I hate that sort of
work.

You know I was beginning
to feel that I had no
family - I have seen
father only once since
Friday night. I am glad
mother is coming home tonight
and home will be home
again.

Day, 'Kee' Kay saw me &
we talked. There is a vacancy
in her office - please

come up and take it. It
only says 60 a month
she says, but darlin', you
know what we want now
is to be together - And if
you would take that and
you & Lay took a room
together it would be Heaven.
She showed me an advertisement,
a room, large living room -
in a door' bed and bath per
\$32.⁵⁰ and at 1731 N. Michigan.
That is ideal for us - We
could walk down or ride
down town together every
morning - And think of

The hours we would
have together. Darlingest
girl, I want you with
me so badly I can taste
it. I love you so, I want
you so - I must have
you nearer and see you
often. Literally I cannot
live without you, my own.
Please, sweet, consider this,
very seriously, won't you?
We can't go on this way
much longer. Your folks
will be down on me

and I will be bankrupt.

I am preparing myself for
a good taking - from Mother -
always in a nice way, of
course, from Mother, on
finances. Oh! but if she
only knew all - it would
really be a mighty severe
blow.

I am counting on seeing
you now after only one
more day and a half.

Uncle talked to me a bit today.
He is in a quandary. Dr.
Swinn who was helping them
on a salary basis has bought
a practice in Lebanon. And
they are swamped with

work - Had 45 patients at
old office and 11 at new
one today. He needs me
badly he says and is holding
out against taking anyone
else in except myself on any
thing but a temporary salar-
ied basis. He says he will
start me in on a percentage
basis just as soon as I
can get out. Yes, that will
be fine if the percentage is
high enough, eh? But the
navy isn't ruled out, little
girl, we are going to

blossom forth with a needless
wedding ceremony in the
early summer, as soon as I
am out, what?

Please, darling mine, I
want you up here, I need
you up here. Can't you
come? I write and ask
in desperation. I have
got to save some money.
Let's think it over thoroughly
and quickly - and act -

I love you always -

Yours ever
husband
